

Markit EDM

Axxsys™ and Markit EDM

Markit EDM Expertise

- Our focus is to ensure that our clients receive the expected return on their investment in Markit EDM and get tangible benefits in their business processes and investment decision making, based on the current and future needs of their business.
- Axxsys have been working with Markit EDM clients since 2007 and have worked with clients in the UK, Central Europe, Scandinavia, US, Canada and Australia. We have a track record helping clients get the operational efficiencies, running cost efficiency and pay back on their initial investment.
- Axxsys provide project management and implementation consultancy on a number of applications in addition to Markit EDM, we also provide post implementation services to the Asset Management and the Hedge Fund industry.
- We work in partnership with our clients to ensure that the right decisions, with regard to usage of the application, are made for the right reasons.
- We aim to assist clients from the analysis phase through to the implementation, to ensure that the key design decisions are robust and scalable.
- We offer a specialist service to buy-side organisations and with many years of Markit EDM experience, we can help translate your business requirements into system configuration. Axxsys consultants can speed up the decision process since we know the product, understand your business and can make recommendations when the vendor offers multiple solutions or suggestions.
- Axxsys can provide flexibility and can ensure that you get the relevant specialists in the different business areas as and when you need them. We have consultants with Markit EDM experience from many projects, including consultants with 15+ years of Asset Management business experience.
- In addition to working on initial implementations of Markit EDM, Axxsys also have significant experience in subsequent phases and the challenges that they bring.
